### SUMMARY

Accountable, creative thinker and user-focused designer with more than 8 years' experience in the education industry. Skilled in accessibility and pain points, interaction design, information architecture, and research. Looking to leverage my digital experience as a User Experience Designer.

### CERTIFICATIONS

#### UX PROFESSIONAL DESIGN CERTIFICATE

Google

Completed a rigorous training designed for job readiness in User Experience.

15 modules included topics like: UI/UX research, inclusive product UI design, User Interface, low-fidelity and high-fidelity prototypes, and design tools such as Figma and Adobe XD. Completed hands-on projects collaborating with other designers through peer reviews and developed a portfolio including 3 projects, digital products design and ideas for mobile apps and learned how to collaborate with engineering and end user team.

### EXPERIENCE

#### ACCESSIBILITY COORDINATOR

Palm Beach County School District

2019-2022

- Maintained and organized accessibility for over 300 learners
- Designed and organized digital processes in educational planning
